Scott Houston
Vice President
Chamberlain Construction Corporation
2864 Hartland Road
Falls Church, VA 22043

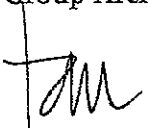

Dear Scott,

I just want to thank you for all that Chamberlain Construction has done for Trinity United Methodist Church in Alexandria. Even though this is a small project, you have provided your usual excellent high level of attention and care. The initial pricing of the remedial work was especially useful. Your analysis and costs allowed the church to approve a remedial workplan with confidence, and the first phase has been very successful. You showed up on time and completed the work ahead of schedule.

We will certainly continue to recommend Chamberlain as a top firm to work with in this region.

Sincerely,

Kerns Group Architects, P.C.

Thomas L. Kerns
Senior Principal
